Education

Datta Meghe College of Engineering — Mumbai, India
B.E. in Information Technology — *Aug **2024** – Present*

Jana Gana Mana Vidyamandir & Junior College — Mumbai, India
*Higher Secondary Certificate – **75%*** — *June **2022** – June **2024***

Model English School — Mumbai, India
*Secondary School Certificate – **78.80%*** — *June **2011** – May **2022***

Projects

Virtual Banking System (VBS) | *Java / SpringBoot / MySql / HTML / CSS* — **Dec 2025 – Jan 2026**

- Developed a banking system using **Java, Spring Boot, and MySQL** to manage user accounts and transactions
- Implemented features such as account creation, deposit, withdrawal, and balance tracking
- Designed structured workflows simulating real-world banking operations
- Ensured secure data handling and validation for reliable transactions

Dynamic Portfolio Website | *React, Tailwind CSS, EmailJS* — **March 2026 – April 2026**

- Designed and developed a fully responsive personal portfolio optimized for mobile and desktop
- Integrated contact form using EmailJS for real-time communication
- Built reusable components and maintained clean UI architecture
- Deployed the project for public access

Weather App | *JavaScript, REST API* — **Feb 2025**

- Built a real-time weather application using external API integration
- Displayed temperature, humidity, and weather conditions dynamically
- Implemented asynchronous data fetching using async/await for smooth user experience

Library Management System (Console-Based) | *Java* — **Jan 2026 -Mar 2026**

- Developed a console-based system to manage books and user records
- Implemented features like issue, return, and availability tracking
- Applied object-oriented programming for structured design

Technical Skills

Languages: Java, JavaScript, C++, HTML, CSS
Frameworks/Libraries: React.js, Spring Boot
Databases: MySQL
Tools: Git, GitHub, VS Code, Firebase, IntelliJ
Concepts: OOP, Data Structures & Algorithms (DSA), API Integration, Responsive Design

Achievements

- Led a team of 4 members in a hackathon, developing **OmniSocial – an AI-powered Social Media Intelligence Platform**
- Secured **7th position out of 75 teams**, demonstrating strong problem-solving, teamwork, and execution under time constraints

Extracurricular Activities

- Participated in hackathons and technical events, enhancing teamwork and problem-solving skills
- Collaborated with peers on project development and continuous skill improvement
